Co – Complexes Table v1.3

April 2017

General changes

We have carried out an exercise to ensure that there is consistency throughout the tables. This has resulted in some amendments to classifications. We have worked with the Environment Agency to map their assets and include some new codes for Complexes, and this has led to classifications being moved from the Entities table to the Complexes table. The Complexes table has been amended as detailed below.

Particular changes

v1.2 Code	v1.3 Code	Classification	Notes
20_55		Postal complexes	Complex subgroup renamed to differentiate from Complex.
20_65_56		Law enforcement agency complexes	Complex renamed to differentiate from the subgroup classification.
