## EF – Elements Functions Table v1.3

August 2018

### General changes

Following discussions with the team at Transport for New South Wales, we have identified a need to add 'Tunnels and shafts' to the Elements Functions table. We have also added a new group for the Transport systems. See below for details.

### Particular changes

v1.2 Code	v1.3 Code	Classification	Notes
EF_37	No change	Tunnel, vessel and tower elements	Elements functions group classification amended to reflect new scope.
	EF_37_16	Vessels and trenches	Element added.
	EF_37_17	Towers, chimneys and masts	Element added.
EF_37_50	No change	Tunnels and shafts	Element classification changed from <i>Vessels</i> to match Systems table sub group.

v1.2 Code	v1.3 Code	Classification	Notes
	EF_80	Transport functions	Function group added.
	EF_80_10	Cable transport	Function added.
	EF_80_20	Conveyors	Function added.
	EF_80_30	Cranes and hoists	Function added.
	EF_80_50	Lifts	Function added.
	EF_80_70	Rail tracks	Function added.
