

Uniclass 2015

PM – Project Management Table v1.4

April 2019

General changes

Following a consultation, we have created a new group in the Project Management table and moved all the existing items into this group. Seven new subgroups have been created to reflect the requirements of Building Regulations throughout the UK and abroad. This will allow for further requirements to be added as appropriate.

Subgroup PM_50_50 has been renumbered to follow the procurement process, rather than maintaining alphabetical order. This ensures that specification information appears in a logical manner.

Some codes have been removed from this table as they are included in the 'Form of Information' table, published in this update.

Particular changes

v1.3 Code	v1.4 Code	Classification	Notes
	PM_35	Project performance requirements	Project Management group code added
	PM_35_10_13	Comfort performance requirement	Project Management code added.
	PM_35_10_47	Life cycle performance requirements	Project Management code added.
	PM_35_10_60	Performance compliance requirements	Project Management code added.
	PM_35_10_65	Project context performance requirements	Project Management code added.
	PM_35_20	Structural performance requirements	Project Management subgroup code added.
	PM_35_30	Fire performance requirements	Project Management subgroup code added.
	PM_35_30_04	Automatic fire suppression performance requirements	Project Management code added.
	PM_35_30_20	Escape lighting performance requirements	Project Management code added.
	PM_35_30_24	Fire and rescue service requirements	Project Management code added.
	PM_35_30_26	Fire protection zone requirements	Project Management code added.
	PM_35_30_70	Reaction to fire performance requirements	Project Management code added.
	PM_35_30_80	Spread of fire performance requirements	Project Management code added.
	PM_35_30_85	Structural fire performance requirements	Project Management code added.

	PM_35_40	Environment and sustainability performance requirements	Project Management subgroup code added.
	PM_35_40_30	Environmental scheme performance requirements	Project Management code added.
	PM_35_40_34	Habitat creation and protection requirement	Project Management code added.
	PM_35_40_96	Watertightness performance requirements	Project Management code added.
	PM_35_50	Safety performance requirements	Project Management subgroup code added.
	PM_35_50_74	Security performance requirements	Project Management code added.
	PM_35_60	Acoustic performance requirements	Project Management subgroup code added.
	PM_35_60_01	Acoustic attenuation performance requirements	Project Management code added.
	PM_35_60_03	Acoustic diffusion performance requirements	Project Management code added.
	PM_35_60_95	Vibration control performance requirements	Project Management code added.
	PM_35_70	Energy performance requirements	Project Management subgroup code added.
	PM_35_70_15	Chilled water performance requirements	Project Management code added.
	PM_35_70_17	Combustion appliance performance requirements	Project Management code added.
	PM_35_70_38	Hot and cold water supply performance requirements	Project Management code added.
	PM_35_70_92	Thermal transmittance performance requirement	Project Management code added.

v1.3 Code	v1.4 Code	Classification	Notes
PM_40	No change	Design and approvals information	Project Management group classification amended as Performance requirements are now in group PM_35.
PM_40_20		Performance requirements	Project Management subgroup classification deleted as Performance requirements are now in group PM_35.
PM_40_20_01	PM_35_50_01	Accessibility performance requirements	Project Management code moved to new group and recoded.
PM_40_20_03	PM_35_20_03	Accidental load performance requirements	Project Management code moved to new group and amended from 'Accidental loading performance requirements'.
PM_40_20_05	PM_35_60_05	Acoustic separation performance requirements	Project Management code moved to new group and amended from 'Acoustic performance requirements'.
PM_40_20_07	PM_35_70_05	Air conditioning performance requirements	Project Management code moved to new group and recoded.

PM_40_20_09	PM_35_40_03	Airtightness performance requirements	Project Management code moved to new group and recoded.
PM_40_20_15	PM_35_40_15	Condensation control performance requirements	Project Management code moved to new group and recoded.
PM_40_20_20	PM_35_70_20	Daylight and shading performance requirements	Project Management code moved to new group and recoded.
PM_40_20_25	PM_35_10_25	Durability performance requirements	Project Management code moved to new group and recoded.
PM_40_20_28	PM_35_30_28	Fire resistance performance requirements	Project Management code moved to new group and recoded.
PM_40_20_30	PM_35_30_30	Fire safety performance requirements	Project Management code moved to new group and recoded.
PM_40_20_32	PM_35_10_32	Functional properties performance requirements	Project Management code moved to new group and recoded.
PM_40_20_36	PM_35_70_36	Heating performance requirements	Project Management code moved to new group and recoded.
PM_40_20_46	PM_35_70_46	Lighting performance requirements	Project Management code moved to new group and recoded.
PM_40_20_50	PM_35_20_62	Permanent loads performance requirements	Project Management code moved to new group and amended from 'Mechanical and electrical loading performance requirements'.
PM_40_20_58	PM_35_10	Quality and operational performance requirements	Project Management code moved to new group and amended from 'Operational properties performance requirements' to a subgroup code.
PM_40_20_62	PM_35_20_42	Imposed loads performance requirements	Project Management code moved to new group and amended from 'Permanent imposed loading performance requirements'.
PM_40_20_69	PM_35_10_22	Design quality performance requirement	Project Management code moved to new group and amended from 'Quality performance requirements'.
PM_40_20_72	PM_35_40_72	Resistance to ground contaminants performance requirements	Project Management code moved to new group and recoded.
PM_40_20_76	PM_35_20_76	Snow and ice load performance requirements	Project Management code moved to new group and amended from 'Snow loading performance requirements'.
PM_40_20_80	PM_35_20_80	Structural design performance requirements	Project Management code moved to new group and recoded.

PM_40_20_84	PM_35_40_84	Sustainability performance requirements	Project Management code moved to new group and recoded.
PM_40_20_90	PM_35_20_90	Thermal actions performance requirements	Project Management code moved to new group and recoded.
PM_40_20_94	PM_35_70_94	Ventilation performance requirements	Project Management code moved to new group and recoded.
PM_40_20_96	PM_35_20_96	Wind load performance requirements	Project Management code moved to new group and amended from 'Wind loading performance requirements'.
PM_40_30_10		Calculation	Project management code deleted; code included in 'Form of Information' table.
PM_40_30_75		Schedule	Project management code deleted; code included in 'Form of Information' table.
PM_40_30_78		Specification	Project management code deleted; code included in 'Form of Information' table.
	PM_40_50_69	Project team agreement	Project Management code added.

The following codes have been amended to follow the Procurement process instead of maintaining alphabetical order.

v1.3 Code	v1.4 Code	Classification	Notes
	PM_50_50_03	Prior information notice	Project Management code added.
PM_50_50_10	PM_50_50_20	Early contractor involvement information	Project management code amended.
PM_50_50_12	PM_50_50_25	Framework agreement information	Project management code amended.
PM_50_50_15	PM_50_50_85	Post-tender negotiation	Project management code amended.
PM_50_50_20	PM_50_50_40	Private-sector participation (PSP) tender	Project management code amended.
PM_50_50_25	PM_50_50_01	Procurement strategy	Project management code amended.
PM_50_50_35	PM_50_50_80	Tender acceptance report	Project management code amended.
PM_50_50_40	PM_50_50_65	Tender assessment report	Project management code amended.
PM_50_50_50	PM_50_50_35	Tender document	Project management code amended.
PM_50_50_55	PM_50_50_10	Tender enquiry	Project management code amended.
PM_50_50_60	PM_50_50_75	Tender error resolution strategy	Project management code amended.
PM_50_50_65	PM_50_50_70	Tender evaluation report	Project management code amended.
PM_50_50_70	PM_50_50_50	Tender instruction	Project management code amended.

PM_50_50_75	PM_50_50_15	Tender invitation	Project management code amended.
PM_50_50_80	PM_50_50_90	Tender notification	Project management code amended.
PM_50_50_85	PM_50_50_60	Tender return	Project management code amended.
PM_50_50_90	PM_50_50_55	Tender site visit strategy	Project management code amended.

v1.3 Code	v1.4 Code	Classification	Notes
PM_60_30_55		Method statement	Project management code deleted; code included in 'Form of Information' table.
PM_60_40_58	No change	Progress photographs	Project management classification amended. Photographs are included in the 'Form of Information table'.
PM_60_50_05		Bill of quantities	Project management code deleted; code included in 'Form of Information' table.
PM_60_50_28		Cost plan	Project management code deleted; code included in 'Form of Information' table.
PM_60_50_40		Invoice	Project management code deleted; code included in 'Form of Information' table.
	PM_60_60_26	Environmental protection information	Project Management code added.
PM_60_60_75	No change	Site safety information	Project Management code amended from 'Site safety and environmental protection information'.

v1.3 Code	v1.4 Code	Classification	Notes
	PM_80_10_42	Insurers requirements	Project Management code added.
