

Uniclass 2015

Pr – Products Table v1.14

April 2019

General changes

Throughout the last three months, we have been working with Northumbrian Water Ltd to add codes for the water and wastewater industry. We have also worked with Royal HaskoningDHV to add codes for marine products. We have had input from users to help clarify some classifications, and we have made some corrections to the Products table. Please see the full details below.
