

Uniclass 2015

Ss – Systems Table v1.13

January 2019

General changes

We have amended the classifications in the section for Sustainable drainage systems (SuDS) for clarity. The section heading describes the application of the listed systems. New codes have been added at the request of users; the details are listed below.

Particular changes

v1.12 Code	v1.13 Code	Classification	Notes
Ss_50_70_85_06	No change.	Below ground surface water storage tank systems	System classification amended from <i>SuDS below ground rigid attenuation storage tank systems</i> .
Ss_50_70_85_08	No change.	Bioretention area systems	System classification amended from <i>SuDS bioretention area systems</i> .
Ss_50_70_85_15	No change.	Conveyance swale systems	System classification amended from <i>SuDS conveyance swale systems</i> .
Ss_50_70_85_21	No change.	Detention basin systems	System classification amended from <i>SuDS detention basin systems</i> .
Ss_50_70_85_24	No change.	Dry swale systems	System classification amended from <i>SuDS dry swale systems</i> .
Ss_50_70_85_30	No change.	Filter strip systems	System classification amended from <i>SuDS filter strip systems</i> .
Ss_50_70_85_31	No change.	Filter drain systems	System classification amended from <i>SuDS filter trench systems</i> .
Ss_50_70_85_33	No change.	Geocellular attenuation tank systems	System classification amended from <i>SuDS geocellular attenuation tank systems</i> .
Ss_50_70_85_34	No change.	Geocellular soakaway systems	System classification amended from <i>SuDS geocellular soakaway systems</i> .
Ss_50_70_85_35	No change.	Granular fill soakaway systems	System classification amended from <i>SuDS granular fill soakaway systems</i> .
Ss_50_70_85_41	No change.	Infiltration basin systems	System classification amended from <i>SuDS infiltration basin systems</i> .
Ss_50_70_85_42	No change.	Infiltration trench systems	System classification amended from <i>SuDS infiltration trench systems</i> .
Ss_50_70_85_58	No change.	Open channel conveyance systems	System classification amended from <i>SuDS open channel conveyance systems</i> .

Ss_50_70_85_61	No change.	Pervious pavement systems	System classification amended from <i>SuDS permeable pavement systems</i> .
Ss_50_70_85_66	No change.	Precast concrete soakaway systems	System classification amended from <i>SuDS precast concrete ring soakaway systems</i> .
Ss_50_70_85_70	No change.	Rainwater harvesting systems	System classification amended from <i>SuDS rainwater harvesting systems</i> .
Ss_50_70_85_72	Ss_50_70_85_64	Pond systems	System renumbered and renamed from <i>SuDS retention pond systems</i> .
Ss_50_70_85_75	No change.	Sand filter bed systems	System classification amended from <i>SuDS sand filter bed below ground systems</i> .
Ss_50_70_85_76	No change.	Sand filter bed surface systems	System classification amended from <i>SuDS sand filter bed surface systems</i> .
Ss_50_70_85_85	No change.	Swale systems	System added.
Ss_50_70_85_96	No change.	Water butt systems	System classification amended from <i>SuDS water butt systems</i> .
Ss_50_70_85_97	No change.	Wet swale systems	System classification amended from <i>SuDS wet swale systems</i> .
Ss_50_70_85_98	No change.	Wetland drainage systems	System classification amended from <i>SuDS wetland systems</i> .

v1.12 Code	v1.13 Code	Classification	Notes
	Ss_75_70_52_23	Domestic heating system control systems	System added.
	Ss_75_70_96_98	Water supply quality control systems	System added.
