

# Uniclass 2015

## Ss – Systems Table v1.6

April 2017

### General changes

Systems have been added following discussion with the Environment Agency and as a result of reviews in current technologies and working practice. The Systems table has been amended as detailed below.

### Particular changes

| v1.5 Code | v1.6 Code   | Classification                        | Notes                        |
|-----------|-------------|---------------------------------------|------------------------------|
|           | 25_30_20_22 | Door assembly systems                 | System added.                |
| 25_36_30  | No change   | Flood and storm surge barrier systems | System section name amended. |
|           | 25_36_30_30 | Flood gate systems                    | System added.                |
| 25_36_50  | No change   | Marina and sea gate automated systems | System group name amended.   |
|           | 25_36_95_72 | Rising bollard systems                | System added.                |

| v1.5 Code   | v1.6 Code   | Classification                                 | Notes   |
|-------------|-------------|--|---|
|             | 45_35_05_37 | Grass-planted small tree and shrub systems     | System added.   |
|             | 45_35_05_42 | Long-stem planted small tree and shrub systems | System added.   |
| 45_35_05_66 | No change.  | Pit-planted large tree systems                 | System renamed from 'Pit-planted semi-mature tree systems'. |

| v1.5 Code | v1.6 Code | Classification                  | Notes                   |
|-----------|-----------|---------------------------------|-------------------------|
| 50_30_06  | No change | Below ground inspection systems | System section renamed. |

| v1.5 Code | v1.6 Code   | Classification           | Notes                 |
|-----------|-------------|--------------------------|-----------------------|
|           | 55_70_99    | Water management systems | System section added. |
|           | 55_70_99_84 | Stoplog systems          | System added.         |

| v1.5 Code | v1.6 Code   | Classification   | Notes         |
|-----------|-------------|--|---------------|
|           | 70_10_30_72 | Reciprocating internal combustion engine driven alternating current generator system | System added. |

| v1.5 Code | v1.6 Code   | Classification                   | Notes         |
|-----------|-------------|----------------------------------|---------------|
|           | 75_70_54_03 | Active water monitoring systems  | System added. |
|           | 75_70_54_60 | Passive water monitoring systems | System added. |
